1. The 2014 State Health Plan was approved on August 18, 2015.
2. Psychiatric bed revisions to the Criteria and Standards will be sent out for review again next week.
3. Awaiting Perinatal Advisory Committee work on the NICU revisions.
4. Revising the Home Health Joint Annual Report.
5. Beginning work on Freestanding Emergency Departments Criteria.

CONSENT CALENDAR APPLICATIONS

Melanie Hill summarized the following Consent Calendar Application:

Mr. Ridgway recused.

Medical Care PLLC, Elizabethton (Carter County), TN — CN1505-018

A multi-specialty medical group seeks approval to initiate MRI services for use by its physicians and patients. The project focuses on a shared equipment and services arrangement with Mountain States Health Alliance d/b/a Sycamore Shoals Hospital for the use of an existing MRI unit located on the hospital campus on a block time basis, initially 12 hours per week. The estimated project cost is \$1,608,550.71. Ms. Hill noted that the project was not opposed and it met the statutory Certificate of Need criteria as follows:

Need— Medical Care, PLLC, is a significant provider of services in the area, having performed 75,049 patient encounters on 23,275 patients, and 692 MRI referrals, in 2014. The shared MRI scanner is projected to serve TennCare and Medicare beneficiaries at the same significant level as the group practice, which is 36 percent and 29 percent, respectively. The new state-of-the-art replacement MRI unit at Sycamore Shoals will have sufficient unused capacity to accommodate MCP's patients. This sharing arrangement will bring the MRI unit at Sycamore Shoals Hospital to a 91 percent utilization threshold, which will still allow the sufficient capacity for growth for both providers; Economic feasibility: The project will be funded by operating revenues and cash reserves of the practice. The practice will make monthly lease payments, to the hospital, of \$13,333. The project has no capital cost and will have a positive cash flow in the first year; and Contribution to the orderly development of health care: The shared MRI arrangement will help MCP serve its patients by providing quick, timely access to MRI services, while the monthly lease payments to Sycamore Shoals will help the hospital continue to serve the rural community it serves. Since a second MRI is not being added, there is no duplication of services. Ms. Jordan moved for approval of the project based on Ms. Hill's justification. Mr. Doolittle seconded the motion. The motion CARRIED [9-0-0]. **APPROVED**

CERTIFICATE OF NEED APPLICATIONS

Mark Farber summarized the following CON Applications:

Hero Healthcare, Oliver Springs (Morgan County), TN – CN1504-012

To establish a home care organization to provide home health services to a specific patient who is a beneficiary of the United States Department of Labor, Division of Energy Employees Occupation Illness Compensation Program (EEOICP). The principle office will be located at 231 Walls Hollow Road, Oliver Springs (Morgan County), Tennessee. The service area is Morgan and Anderson Counties. The estimated project cost is \$29,680.

DEFERRED TO SEPTEMBER MEETING

NorthCrest Medical Center, Springfield (Robertson County), TN – CN1504-013

To initiate a mobile Positron Emission Tomography service (PET) on the Northcrest Medical Center campus at 100 Northcrest Drive in Springfield (Robertson County), Tennessee 37172. The mobile PET service will initially be offered one half day per week (approximately 5 hours while docked) increasing to 2 half days per week. The estimated project cost is \$187,500.

Kim Looney, Esq., addressed the Agency on behalf of the applicant.

Speaking in support were: Dan Grippo, M.D., Southern Radiology.

Summation waived.

Ms. Burns moved for approval of the project with the following **CONDITION: Limited to three ½ days per week.** 1) Need - There is a need for this service to enhance cancer diagnosis and treatment services and to provide more timely services for the residents of Robertson and surrounding counties; 2) Economic Feasibility – is met by using cash reserves and projections of profitability in years one and two; and 3) Orderly Development - it contributes to the orderly development of health care by providing a service that is not currently available in the community, thereby preventing patients from having to travel long distances for the services. Mr. Mills seconded the motion. The motion CARRIED [10-0-0]. **APPROVED**

AYE: Jordan, Mills, Gaither, Ridgway, Doolittle, Burns, Austin, Fleming, Grandy, Wright

TriStar Skyline Medical Center, Nashville (Davidson County), TN – CN1504-014

Ms. Burns, Mr. Ridgway and Dr. Fleming recused.

Change in bed complement by relocating 10 beds from the satellite campus at 500 Hospital Drive in Madison (Davidson County), TN to the main campus at 3441 Dickerson Pike, Nashville (Davidson County), TN. The project includes minor renovations of existing spaces but no new construction. The hospital's consolidated 385-bed license will not change as a result of this project. At the completion the project, there will be 233 beds at the main campus and 152 at the satellite campus. The estimated project cost is \$843,000.

Jerry Taylor, Esq., addressed the Agency on behalf of the applicant.

Summation waived.

Ms. Jordan moved for approval of the project based on 1) Need – The need has been established through evidence of increasing occupancy of the current beds on the main campus, and it's projected that the occupancy rate will continue to increase. 2) Economic Feasibility – The project is economically feasible, as it can be funded through cash reserves, and it will realize positive operating results in the first two years of operation; and 3) Orderly Development - The project does contribute to the orderly development of health care by better utilizing existing beds to address occupancy pressures without adding beds to the service area. Mr. Doolittle seconded the motion. The motion CARRIED [7-0-0]. **APPROVED**

Premier Medical Group, PC, Clarksville (Montgomery County), TN – CN1505-016

A multi-specialty medical group seeks approval to relocate its existing MRI service limited to use by the physicians and patients of the practice as approved in CN9909-082A. The project focuses on the relocation of the MRI to the new practice location which will be in leased space in a new building under construction, a distance of approximately 2 miles. As part of the project the applicant will replace its existing MRI unit and lease a new 1.5 Tesla GE MRI unit. The estimated project cost is \$2,064,060.

Matthew Scanlan, Esq., addressed the Agency on behalf of the applicant.

Speaking in support were: Lloyd Matson, M.D., Premier Medical Group

Summation waived.

Mr. Mills moved for approval of the project based on 1) Need better access for their patients and better visibility; there will be a quality of comfort, and it will improve the patient experience and they'll be able to create more detailed imaging with greater diagnosis accuracy; 2) Economic Feasibility – They have the cash reserves and the projected operating income to cover this project.; and 3) The project does contribute to the orderly development of adequate and effective health care currently, they have outgrown their space. It's a replacement and not a new service being implemented, and it's going to provide a lower cost for the patient services under the orderly development of health care. Mr. Doolittle seconded the motion. The motion CARRIED [10-0-0]. **APPROVED**

Maury Regional Hospital d/b/a Maury Regional Medical Center, Columbia (Maury County), TN – CN1505-017

Maury Regional Hospital seeks approval for a major construction project requiring a capital expenditure greater than \$5 million. Two Critical Care Units currently located on the 1st and 2nd floors of the hospital will be consolidated in 28,000 SF of renovated space on the 5th floor of the West Tower. The estimated project cost is \$11,624,715.

Travis Swearingen, Esq. addressed the Agency on behalf of the applicant.

Speaking in support were: Paul Betz, C.O.O., Maury Regional Medical Center and Thomas Quinn, M.D., Maury Regional Medical Center.

Summation waived.

Ms. Burns moved for approval of the project -- based upon the following: 1) Need – There is a need for this renovation to update the current facilities, providing larger patient rooms and improving support space needs; 2) Economic Feasibility – It is economically feasible using municipal tax-exempt bonds, and projections of profitability in years one and two.; and 3) Orderly Development - it contributes to the orderly development of health care improving staff efficiency, promoting improved teamwork, and providing additional space for patient and support areas. And it will positively impact the care provided at this facility, in this community, and will not negatively impact other providers. Ms. Jordan seconded the motion. The motion CARRIED [10-0-0]. **APPROVED**

Lakeside Behavioral Health System, Memphis (Shelby County), TN – CN1505-019

Dr. Fleming, Mr. Ridgway, and Mr. Doolittle recused.

Lakeside Behavioral Health seeks approval for a major construction project requiring a capital expenditure greater than \$5 million. A 48-bed building will be constructed on campus to house geriatric psychiatric beds which will be relocated from another area of the campus. This project will not increase the licensed bed capacity of the hospital. The estimated project cost is \$9,393,796.

Justin Adams, Esq., and Anna J. Golden, C.E.O., Lakeside Behavioral Health System, addressed the Agency on behalf of the applicant.

Speaking in support were: Sid Nichols, Director of Business Development, Lakeside Behavioral Health System, Tommy Joyner, C.F.O., Lakeside Behavioral Health System, and Kevin Parker, Director of EOC, Lakeside Behavioral Health System.

Summation waived.

Ms. Jordan moved for approval of the project based on 1) Need – the project is needed to address the space and design limitations to improve the delivery of care to geriatric patients. The current physical plant was designed 27 years ago for adolescents, and it does not have the space to serve all geriatric patients in one centralized area; 2) Economic Feasibility – as it can be financed from cash reserves of the parent, and it will realize positive operating results in the first two years of operation; and 3) Orderly Development - it contributes to the orderly development of health care by addressing the increasing occupancy rates without adding any beds to the service area. Ms. Burns seconded the motion. The motion CARRIED [7-0-0]. **APPROVED**

TriStar Summit Medical Center, Hermitage (Davidson County), TN – CN1505-020

Dr. Fleming, Mr. Ridgway, and Ms. Burns recused.

TriStar Summit Medical Center seeks approval for the addition of 8 inpatient rehabilitation beds and 2 medical/surgical beds. It will delicense 6 obstetric beds by converting 6 Labor/Delivery/Recovery/Postpartum (LDRP) beds to LDR so the net increase will result in only four additional licensed beds, resulting in an increase in bed capacity from 196 to 200. The project involves renovations of existing patient floors to include the addition of the beds. The estimated project cost is \$4,892,904.

Jerry Taylor, Esq., addressed the Agency on behalf of the applicant.

Speaking in support were: Daymond McDuffey, M.D., TriStar Summit Medical Center and Mr. Mike Bargatze.

Summation waived.

Ms. Jordan moved for approval of the project based on 1) Need – the need is demonstrated by the high overall census in the facility, and by the particularly high census in the rehab area, the demand is clearly shown.; 2) Economic Feasibility – Financial viability is not in question because of the strength of the Summit organization and its parent company; and 3) Orderly Development - it contributes to the orderly development of health care by improving the delivery in a particularly fast-growing part of our county. Ms. Burns seconded the motion. The motion CARRIED [7-0-0]. **APPROVED**

Tennova LaFollette Health and Rehab Center, LaFollette (Campbell County), TN – CN1505-021

A 98-bed nursing home seeks approval to renovate approximately 26,350 of the existing 35,317 square foot facility at a construction cost in excess of \$2 million. The project focuses on cosmetic finishes, changes to nurses stations, patient day rooms and patient dining areas of the building and does not involve changes to any existing services or the licensed bed complement. The estimated project cost is \$3,202,188.75.

Jerry Taylor, Esq., addressed the Agency on behalf of the applicant.

Speaking in support were: Sara Lloyd, C.O.O., LaFollette Medical Center, Vann Windham, C.F.O., LaFollette Medical Center and Mark Cain, C.E.O., LaFollette Medical Center.

Summation waived.

Mr. Mills moved for approval of the project based on 1) Need – Given the age of the facility -- it being 47 years old and not having had any major renovations -- they need to update this facility to continue to be competitive. They want to improve the aesthetics and provide a more comfortable and efficient environment for both their patients and their staff.; 2) Economic Feasibility – They can draw from cash reserves of the parent company and project profitability in years one and two; and 3) Orderly Development – they're actually not adding any new beds or new services. They want to continue to remain competitive in their marketplace. And they currently have a case mix of 80 percent TennCare of the population served. Mr. Doolittle seconded the motion. The motion CARRIED [10-0-0]. **APPROVED**

Regional Hospital of Jackson, Jackson (Madison County), TN – CN1505-022

Regional Hospital of Jackson seeks approval for a major construction project requiring a capital expenditure greater than \$5 million for the following: 1) renovation of approximately 9,294 SF in the existing surgical department; 2) the addition of approximately 3,777 SF of new construction to the existing surgical department; and 3) the addition of 2 operating rooms, increasing the number of operating rooms from 6 to 8. If approved the hospital will de-license 2 inpatient beds. The estimated project cost is \$8,864,901.

Jerry Taylor, Esq., addressed the Agency on behalf of the applicant.

Speaking in support were: Bill Rich, C.O.O., Regional Hospital of Jackson; and Kevin Rinks, C.E.O., Regional Hospital of Jackson.

Summation waived.

Ms. Burns moved for approval of the project based on 1) Need – There is a need for this renovation to provide additional space in the operating rooms, to create a more efficient layout design, to improve patient flow, to improve operational efficiencies, and to accommodate specialty equipment.; 2) Economic Feasibility – using cash reserves, and projections of profitability in years one and two; and 3) Orderly Development - it contributes to the orderly development of health care by providing additional space for current operations, and it also provides for future growth. And it will not negatively impact other providers since there will not be an increase in the number of beds in this service area. Ms. Jordan seconded the motion. The motion CARRIED [10-0-0]. **APPROVED**
